

## GUIDE TO ISRCs AND COMPLETING THE TRACK REGISTRATION FORM (2 pages)

### GUIDE TO ISRCs

#### How to construct the ISRC:

IE	(as per email)	19	00001
Country Code	Registrant code	Year (2 digits only)	Designation Code (5 numeric digits only)

Please note: there should be **NO** spaces or hyphens in your ISRCs.

#### What is the ISRC?

The ISRC (International Standard Recording Code) is the international identification system for sound recordings and music videos. Each ISRC is a unique and permanent identifier for a specific recording which can be permanently encoded into a product as its digital fingerprint.

The International Federation of the Phonographic Industry (IFPI) recommends that all music producers use ISRC.

#### Benefits of using ISRC

- ISRC is a unique, reliable, international identification system.
- ISRC provides a unique tool for the purpose of rights administration.
- ISRC is a useful identification tool in the electronic distribution of music.
- ISRC coding is compatible with standards developed in the field of consumer electronics and is readable by hardware already used in the recording industry.
- ISRC is cost effective - it can be put into operation without requiring special investment in equipment or technologies.

#### How to register your Tracks with ISRCs.

ISRCs are mandatory when registering tracks for both ISRC and Distribution/Membership purposes.

After applying the ISRCs like the example below; complete and return the Excel PPI Track Registration Form (see attachments). Please only register tracks previously unregistered.

**Note 1:** Ensure that you change 'XXX' to your relevant ISRC – this is an example only.

**Note 2:** Ensure that there is **NO** hyphens or spaces in your ISRCs.

Track 1    IEXXX1900001  
Track 2    IEXXX1900002  
Track 3    IEXXX1900003 etc.

Note: Year Of Reference is the year that you are **applying** the codes to the recording.

At the beginning of a year, **change** the Year to the current year and **reset** the Track Designation code to 00001.

Further Information on how ISRCs are structured and applied can be found on the IFPI Handbook:  
[http://www.ifpi.org/content/library/isrc\\_handbook.pdf](http://www.ifpi.org/content/library/isrc_handbook.pdf)

## COMPLETING THE TRACK REGISTRATION FORM

Note: The Red fields are 'Optional fields' all other field are Mandatory.

HEADING	FORMAT	NOTES	MANDATORY/ OPTIONAL
PPI MEMBER NO.		If you are <b>not currently</b> a PPI member, enter: <b>9999</b>	MANDATORY
PPI MEMBER NAME		Mandatory if you are <b>currently</b> a PPI Member, leave blank if you are <b>not currently</b> a PPI Member	OPTIONAL/ MANDATORY
